WAXING

ADULT

CHILD

(130cm)

Hot Wax

Using an iron the wax is applied and cut back, then polished. The iron allows for deeper absorption lasting longer.

\$25

\$20

Laser Wax/Race wax

Higher wax penetration and absorption than any of our other waxing methods. Highly improved gliding capacity that lasts much longer. The application is independent of the outside temperatures (no condensation).

\$30

\$25

Summer Wax

A thick coating of wax is applied and left on to protect your equipment over summer.

\$20

\$15

Summer wax removal

Storage wax cut back and polished over our Wintersteiger Wax Jet 92.

\$15

\$10
